## *To The Retail Lumber Dealer Only*

### "Specials"

We are equipped to take care of your Special or Odd Work promptly. Designs in Frames, Sash, Doors, etc., that are unlisted are made on short notice. Such orders are NON-CANCELLABLE.

In addition to the items listed in this Price Bulletin, we have on hand at all times large stocks of other Millwork which will be quoted on upon request.

### Stock

All items listed in this catalog are Stock, Standard items and are always carried on hand in large quantities.

### Deliveries

We will deliver by truck, free of charge, all orders for full truckloads within a reasonable distance.

Less than truckloads will be delivered by truck when a full load for your territory has been accumulated.

Positively no deliveries to the job.

### Terms

All items listed are subject to trade discount as announced by card attached.

TERMS—2% ten days. Net sixty days.

### Credit

Stock material returned to us in good condition will be credited, less 20% on your cost, providing notice of intention to return and ticket number covering charge is given us within 5 days from date of delivery.

#### Only One Fitting—One Set of Hardware

This Combination Door requires no planing or fitting of panels. They are made interchangeable and are fitted perfectly. In fact, the Combination Door is no more trouble to install than a single screen door, for it requires but one fitting, one set of hardware and one expense, yet you have both screen and storm equipment.

# ART-PLY

THE INLAID PLYWOOD  
with invisible sealed joints

ART-PLY Random Plank (RP-10); inlaid with moulding for random effect. Rabbetted at sides.

ART-PLY Standard Plank (SP-20); inlaid with moulding in 16-inch widths. Rabbetted at sides.

ART-PLY Rectangular Tile (RT-30); inlaid with moulding to form nine 16 in. x 32 in. rectangles. Rabbetted all around.

ART-PLY Square Tile (T-40); inlaid with moulding to form eighteen 16 in. x 16 in. squares. Rabbetted all around.

ART-PLY is manufactured from durable Douglas Fir in standard 4 ft. by 8 ft. panels. The attractive mouldings are inlaid, flush with the surface, and "welded" in with water-resisting glue. Four patterns are available, affording a variation of designs. The artistic effects possible with this modern wallboard are almost unlimited.

For remodeling, ART-PLY has no rival. It can be used to cover old plaster . . . is quickly put up, and requires no expert to install or finish. Extra moulding for the joints comes in each package of panels. Since ART-PLY has a wood surface with attractive grain, the painter can work out any desired finish. In kitchens or bathrooms, ART-PLY can be covered with enamel for waterproof finish.

QUIGLEY'S

THE  
ARISTOCRAT  
in  
BROWN ASH

Q-200

A beautiful one panel and insert door made with solid sticking—thus doing away with unsightly nail holes and open joints. A stronger, richer door at remarkably low prices, in Brown Ash Veneered Doors.

For stock sizes and prices of Aristocrat Doors,

See next Page

## TRANSOM DOOR FRAMES

For TRANSOM DOOR FRAMES, add to the K. D. list prices of door frames on opposite page as follows:

Transom Door Frames K. D. Add.....	\$2.33
Transom Door Frames Assembled Add.....	3.90

NOTE: To compute Plank Front or Reveal TRANSOM Door Frames, use the above list extras and add to the respective Door Frame sizes.

## SIDELIGHT DOOR FRAMES

Triple the Single Door Frame price and add.....	\$0.75
For Assembling, add extra.....	2.02

---

## FRAME HOUSE EXTRAS

For reducing the width of jambs on all Frame House Frames, add to the list price of any Frame 30c per opening.

Where  $7\frac{1}{2}$ " mullion casings are wanted on Frame House Window Frames, there will be an extra charge of 38c list per mullion over the regular  $5\frac{1}{2}$ " mullion Frame.

## MANTELS

Q-2101

Q-2102

(Both above designs are identical except Pilasters)

**Dimensions**—Body 63" wide, 51" high; shelf 7¼" wide, 72" long. Wood opening, 48" wide, 36½" high.

**Specifications**—Semi-KD, includes one mantel shelf; two pilaster sections put together; one breast apron cut to size; shelf mould, apron mould and brick mould cut to length but not mitered. All material accurately machined so that no fitting other than applying moulds is necessary in assembling. No return supplied. Not painted or stained.

**Woods**—Clear WP Pine. Can also be made in various other woods.

**Packing**—One complete mantel in a dustproof carton.

## HOW TO ARRIVE AT THE AMOUNT OF OAK FLOORING REQUIRED

To cover a certain space, figure the number of square feet, which means the width multiplied by the length, for instance, a room 12 feet wide by 15 feet long would contain twelve times fifteen or 180 square feet. Add to the square feet of surface to be covered the following percentages:

50% for .....	$\frac{1}{8}$ " x $1\frac{1}{2}$ "
$37\frac{1}{2}$ % for .....	$\frac{1}{8}$ " x 2"
$33\frac{1}{3}$ % for .....	$\frac{1}{8}$ " x $2\frac{1}{4}$ "
$33\frac{1}{3}$ % for .....	$\frac{3}{8}$ " x $1\frac{1}{2}$ "
25% for .....	$\frac{3}{8}$ " x 2"
$33\frac{1}{3}$ % for .....	$\frac{1}{2}$ " x $1\frac{1}{2}$ "
25% for .....	$\frac{1}{2}$ " x 2"

The above figures are based on laying flooring straight across the room. Where there are bay windows, hearths and other projections, allowance should be made for additional flooring.

For  $\frac{1}{8}$ " use 8 penny Cement Coated Flooring brads.

For  $\frac{3}{8}$ " use 3 penny Cement Coated finishing nails.

The maximum distance between nails should be:

For $\frac{1}{8}$ " thickness.....	16"
For $\frac{3}{8}$ " thickness.....	8"
For $\frac{1}{2}$ " thickness.....	12"

## STANDARD WEIGHTS AND COUNTS OF OAK FLOORING

$\frac{1}{8}$ " x $2\frac{1}{4}$ "	2,000 lbs. per 1,000 ft. Counted 1" x 3"
$\frac{1}{8}$ " x 2"	1,900 lbs. per 1,000 ft. Counted 1" x $2\frac{3}{4}$ "

## QUIGLEY'S

### *Kyanize* SELF SMOOTHING CELOID FINISH

A medium-gloss enamel, washable and waterproof, that gives to furniture, walls and woodwork that much desired "hand rubbed" effect without the expense of rubbing. Gives a satin-like finish that is restful to the eyes. This product comes in sixteen lovely, delicately toned tints; also black and white.

### *Kyanize*

## SUPER SERVICE PAINT

KYANIZE Super Service Paint is the best that money, skill and experience can produce. It is guaranteed to render the highest degree of satisfaction in outside house painting.

KYANIZE Super Service Paint is self-smoothing, dries with a weather-resisting film and covers exceptionally well. This product is guaranteed to give absolute satisfaction when properly applied.

### *Kyanize* SELF SMOOTHING FLOOR FINISH

A high quality, quick drying, transparent, self-smoothing color varnish. For finishing hardwood floors, furniture and woodwork where a transparent coat is wanted to bring out the beauty of the grain of the wood. Waterproof, requires no stirring and dries hard in four hours. Comes in eight beautiful rare wood shades; also natural.

## QUIGLEY'S

# *Kyanize* SELF SMOOTHING FLOOR ENAMEL

Not an ordinary enamel. Waterproof, ammonia proof and washable KYANIZE Floor Enamel is equally efficient on wood, cement, concrete or old pattern-worn linoleum. A durable finish for outdoor porch or piazza floors and steps. Self-smoothing, easy to apply and comes in 16 attractive colors.

# *Kyanize*

## FLAT WALL FINISH

KYANIZE Flat Wall Finish is the superb finish for all walls of plaster, fibre board, metal or wood where a smooth, ridgeless surface is desired. This product hides stains and blemishes, flows freely under the brush and is self-smoothing.

KYANIZE Flat Wall Finish is waterproof and washable and dries overnight. Comes in ten unusually attractive colors. Others may be obtained by inter-mixing.

# *Kyanize* SELF SMOOTHING LUSTAQUIK FINISH

This enamel flows like cream under the brush, is self-smoothing and covers old or new surfaces like magic. Dries hard in four hours. For all kinds of furniture in kitchen, bedroom, bathroom or sun porch; also durable for walls and woodwork.

This line offers sixteen modern tints and colors; also black and white.

## Covering Capacity by square feet of Square and Thousand pack of Red Cedar Shingles

**QUIGLEY'S**

## **FIBRE WALLBOARDS ATLAS BOARD**

This board is constructed of long-fibered Spruce Wood Pulp and we recommend its usage where a high type of ceiling material is needed. Its tensil strength of 370 lbs. per square inch exceeds all other pulp wall boards. It is completely immersed in Gum Varnish Sizing, thus preparing both sides of panel for second coat of paint. ATLAS Board is carried in stock in all sizes from 4 x 6 to 4 x 12. Ten pieces per bundle.

## **BISON BOARD**

BISON BOARD is painted on one side with a beautiful, velvety, apple green finish, thus eliminating the necessity of labor and painting cost. If a different color is desired, one coat is sufficient to do so. However, the original finish of BISON BOARD is very attractive.

## **ATLAS TILE BOARD**

This board is stocked in both the square and oblong designs. It has a special glazed surface, which prepares it for the highest type of enamel or paint finish. ATLAS TILE BOARD has five heavily sized plys. Stocked in sizes from 4 x 6 to 4 x 12. Ten pieces per bundle.
